Work experience

Dematic

Dematic iQ - Coslada

06-2019 - **Now**

Development and implantation of warehouse management systems built over Spring and Hibernate and GWT frontend using Java EE and some of its specifications (Jersey, JMS,...).

Alimerka - Lugo de Ilanera, Asturias

08-2019 - 08-2019

Setting up of the warehouse testing different systems over the physical hardware.

Ahorramás - Velilla de San Antonio, Madrid

09-2019 - 09-2019

Customer support during the initial production phase resolving issues and correcting product errors.

atSistemas

atresmedia soluciones digitales - San Sebastián de los Reyes

05-2017 - 06-2019

Development of the company's cms with Java EE using frameworks like Spring or Hibernate over Oracle and MongoDB through Solr also integrating them with the Amazon AWS environment.

GWT frontend design for each of the features of the content management system, using both, google and custom components.

Microservice oriented REST services using Spring boot and deploying them to Kubernetes.

Amazon Alexa skill development using their AWS Stack (Lambda, API Gateway, ElasticCache, DynamoDB,...)

Configuration and creation of Jenkins projects for automated integration.

Arelance

Indra - Ministry of Justice - Madrid

09-2016 - 04-2017

Web application and database development using Java J2EE through the Struts framework connecting with Oracle Databases with PL/SQL development. Frontend development using HTML, JSP and Javascript.

* Databases

Oracle

100%

Indizen

[Soluciones Banco Santander - Madrid](#)

📅 12-2015 - 06-2016

Resource management software development for Santander Bank using J2EE technologies, Oracle databases and a part of the Hibernate environment for the backend and HTML and Bootstrap CSS for the frontend development.

Batch process development using MS Excel or CSV files as Input/Output, using multithreaded programming for this reports generation from inside the web application.

TCP Sistemas e Ingeniería (UST Global)

[Telefónica Telco 3.0 - Madrid](#)

📅 06-2014 - 12-2015

REST service development using Java J2EE for it's integration with an AngularJS frontend and Jasmine testing over them.

Webservice development using java with database access using SQL or CriteriaQuery and JUnit with Mockito unit test development.

Functional test development using SOAPUI coordinating the testing team, designing database test data.

Worten

[Servicio técnico Worten Soluciona - Toledo/Talavera de la Reina, Toledo](#)

📅 07-2013 - 09-2013

Technical service diagnosing and/or repairing appliances, computers and other electronic devices with customer services.

Universidad de Alcalá

[Módulo profesional de formación en centros de trabajo \(Workplace training - Computer science department\) - Alcalá de Henares, Madrid](#)

📅 04-2012 - 06-2012

Workplace training developing department web applications using C# and ASP.NET 2.

Academic education

Universitat Oberta de Catalunya

📅 2017 - Now

Bachelor degree in computer engineering

IES Azarquiel, Toledo

📅 2013 - 2014

First year in Formación Profesional de Grado Superior (Systems administration and networking)

IES Azarquiel, Toledo

 2010 - 2012

Formación Profesional de Grado Superior (Software Development)

IES Alfonso X "El Sabio", Toledo

 2004 - 2006

Bachillerato en ciencias de la naturaleza (Science and engineering)

Additional education

IES Azarquiel, Toledo

 2013 - 2014

Cisco CCNA Exploration 1: Network Fundamentals

Forem Castilla - La Mancha, Toledo

 05-2013 - 06-2013

Web design (Dreamweaver, Photoshop, Flash)

Coritel-Accenture, Madrid

 10-2012 - 12-2012

Software Engineering Fundamentals: Mainframe

IES Azarquiel, Toledo

 05-2012 - 06-2012

Basic level in occupational risks prevention

Instituto superior de estudios informáticos, Toledo

 10-2003 - 04-2004

Multimedia (Adobe Photoshop, Adobe Premiere, Music Maker, Macromedia Director)

Instituto superior de estudios informáticos, Toledo

 09-2002 - 11-2002

Typing and computer basics
